Accepting the award are, from left to right, Rod Wilson, Brenda Husk, Doreen Bennink, Len Bennink, Marg Milley, Sam Zetner.

...the Winner of the 2009 Mount Pearl Chamber of Commerce President's Award for *Best Emerging New Business.*

On October 21, the management and staff of this brand new seniors' residence were thrilled to learn that the Mount Pearl Chamber of Commerce had recognized their efforts with the 2009 President's Award for Best Emerging New Business.

What caught the judges' attention? A leading-edge approach that includes:

- Technological innovation that exceeds industry standards—such as hearing assistive technology and state-of-the-art emergency response systems—which enhance both the comfort and the safety of residents.
- Customer responsiveness that is reflected in a range of lifestyle choices—such as flexible meal times, menu choices and personal care packages—all provided in a “hospitality setting.”
- Employee relations that promote quality of life for the Residence's staff—from a competitive wage and benefit plan to an incentives program and career enhancement opportunities—making Kenny's Pond an employer of choice in the retirement living field.

We extend a sincere thanks to the Mount Pearl Chamber of Commerce for this honour, and an invitation to the public to come and see all the ways that Kenny's Pond Retirement Residence has set a new standard for seniors' housing in this province.

Come experience the **WOW** factor!

Visit our model suite and take a guided tour of our spectacular facility.
